ABOUT US

CONCEPT CUBICLE SYSTEMS

Based in the North West, we design, supply and install personalised washroom and cubicle system concepts nationwide – each one exclusively devised with the client in mind.

Our approach is built on a culture of trust and honesty, and underpinned by our passion for sensitive design. By using years of insight and the latest design thinking, we strive to make users feel comfortable, clean, and secure in the most intimate of spaces.

BESPOKE DESIGNS WITHIN STANDARDISED SPECIFICATIONS

We pride ourselves on our ability to deliver washroom solutions that exceed expectations in every aspect of functionality, performance and aesthetics.

By offering bespoke designs within standardised specifications, we're able to respond directly to client needs with efficiency, precision and imagination, ensuring budgets are met, no matter how big or small.

CUBICLE RANGES

JUNO

A simple, robust and adaptable washroom solution appropriate for primary schools. With a diverse range of door heights and partition shapes, this product is flexible enough to suit any primary pupil age and allow for teacher supervision.

The Juno range also provides a broad range of aesthetic options – choose from over 50 vibrant colour combinations to match or contrast the washroom environment.

SPECIFICATION

- 12.5 mm Compact Grade Laminate (CGL) doors, partitions and pilasters
- Black core with a radiused edge
- Shaped doors and partitions
- Satin Anodised Aluminium bolt through Ironmongery and anti-trap hinges as standard

STANDARD DIMENSIONS

- 1950mm Standard Height (c/w 150mm leg) x 1500mm deep

LITTLE ONES

A bright, playful and durable washroom cubicle designed specifically for nurseries. With no sharp edges or corners, this product is perfect for providing a safe and familiar environment for younger children.

Using freestanding pilasters, this range requires no headrails, which keeps the panels at a low level, ensuring children feel comfortable and secure. Magnetic catches come as standard to prevent accidental "lock-ins".

SPECIFICATION

- 12.5 mm Compact Grade Laminate (CGL) doors and partitions
- Printed Aluminium Pilasters with our Rainbow design as standard
- Bespoke images can be printed onto the Pilasters at a small additional cost

STANDARD DIMENSIONS

- 1200mm or 1500mm Standard Heights x 1500mm deep
- Non-standard dimensions are available on request

FAST TRACK JUNIOR

Designed for dry, low-use washroom environments, the Fast Track Junior range is perfect for those on a budget, offering reduced height doors and partitions for adult supervision in nurseries and lower education.

Fast Track systems offer bespoke cubicle designs for the price of “off the shelf” products without the hassle of excessive cutting and machining on-site – and are available in white, light grey, cream, oak, red, yellow and blue or a mixture of two.

The Fast Track Junior ranges offers excellent value for money and speedy lead times of only five to seven working days.”

SPECIFICATION

- 18mm Melamine Faced Chipboard

FITTINGS

- Satin Anodised Aluminium

STANDARD DIMENSIONS

- 1800mm high (+150mm leg) x 1500mm deep

DOOR / PARTITION HEIGHTS

- Infants – 1050mm high (including 150mm clearance)
- Juniors – 1350mm high (including 150mm clearance)

FORCE

An effective, flexible and robust washroom solution that can be used as both a shower and toilet cubicle. Utilising vandal- and water-resistant Compact Grade Laminate and bolt through heavy-duty Satin Anodised Aluminium (SAA) ironmongery, the Force range is designed to withstand harsh and demanding environments.

The Force range also provides a broad range of aesthetic options – choose from over 50 diverse colour combinations to match or contrast the washroom environment.

SPECIFICATION

- 12.5 Compact Grade Laminate (CGL) doors, partitions and pilasters
- Black core with a radiused edge
- Satin Anodised Aluminium bolt through Ironmongery as standard

STANDARD DIMENSIONS

- 1950mm Standard Height (c/w 150mm leg) x 1500mm deep
- Non-standard dimensions are available on request.

DUCT PANELS

LAMINATE DUCT PANELS

Designed to conceal pipework and cisterns behind urinals and WCs, laminate duct panels provide a stylish, and often cheaper, alternative to tiling.

Manufactured to match or complement our entire range of cubicles, lockers and benches -- and designed with either hook or push on clips for extra security -- laminate duct panels offer both aesthetics and functionality.

SPECIFICATION

- 12.5 mm Compact Grade Laminate (CGL) Access Panels.
- FORCE – 12.5 mm CGL Duct Panels.
- Hook on or push on clips (standard) or hinged and lockable for additional security.
- 19mm High Pressure Laminated MR MDF shadow gaps for dry areas or 12.5mm CGL shadow gaps for wet areas.
- Available in half height or full height (floor to ceiling)

VANITY UNITS

SOLID SURFACE WASH TROUGHS

An excellent alternative to typical vanity units, Solid Surface Wash Troughs are crafted from acrylic and hand-finished for exceptional aesthetics, durability and performance.

Designed to accommodate either wall or deck mounted taps, these wash trough products can be adapted to suit any washroom environment.

SPECIFICATION

- Available in a variety of colours, suitable for either wall or deck mounted taps
- Solid surface / Timber free substrate
- Supplied with chrome plated un-slotted waste outlets – 1.25" fitting

STANDARD DIMENSIONS

- 600mm long (single user)
- 1200mm long (two person)
- 1800mm long (three person)
- 2400mm long (four person)
- 3000mm long (five person)

Bespoke sizes are available on request.

SOLID SURFACE VANITY UNITS

Providing a sophisticated, premium feel to any washroom environment, Solid Surface Vanity Units are manufactured to provide a seamless finish – for easy cleaning and maintenance – a natural stone appearance, and extensive bespoke configurations.

Supplied with Compact Grade Laminate under panels to match our range of cubicles and duct panel sets in a standard style or with cantilever brackets to give a floating appearance.

SPECIFICATION

- Solid surface top with an integral upstand and downstand
- 12mm Compact Grade Laminate access panels and framework
- Hook on or push on clips (standard) or hinged and lockable if used for storage
- Suitable for integral under mounted sinks or porcelain sinks by others

STANDARD DIMENSIONS

- 350mm for semi-recessed WHBs or 600mm deep for inset WHBs
- 100mm upstand and 200mm downstand

Additional bowl specifications on next page.

PLA319 ROUNDED BASE

LAMINATE VANITY UNITS

A custom-made, highly functional vanity unit with a wide variety of environmental material and colour options to choose from.

Perfect for creating a contemporary style, this made to order range can be adapted to any scenario, helping designers create the most practical and pleasing washroom environments.

SPECIFICATION

- FORCE – 12.5 mm Compact Grade Laminate (CGL) Vanity Top
- 12.5 mm Compact Grade Laminate Access Panels.
- 19mm High Pressure Laminated MR MDF shadow gaps for dry areas or 13mm Compact Grade Laminate shadow gaps for wet areas.
- Hook on or push on clips (standard) or hinged and lockable for additional security.
- FORM – 19mm High Pressure Laminated (HPL) Vanity Top
- 19mm High Pressure Laminate MR core access panels.
- Edged all round with 2mm PVC as standard or vertical postformed edges at an extra cost.
- 19mm High Pressure Laminated MR MDF shadow gaps.
- Hook on or push on clips (standard) or hinged and lockable for additional security.

STANDARD DIMENSIONS

- 350mm for semi-recessed WHB's or 600mm deep for inset WHB's
- 100mm upstand and 200mm down-stand
- Heights: 600mm (Nursery), 650mm (Infant), 700mm (Junior), 800mm (Adult)

LOCKERS

A photograph of a row of colorful lockers in a school hallway. The lockers are arranged in two rows and feature a variety of colors including red, blue, yellow, and grey. A large, semi-transparent geometric pattern, consisting of interlocking lines forming a maze-like structure, is overlaid on the entire image. A light green rectangular box is positioned on the left side of the image, containing the word "LOCKERS" in white, bold, uppercase letters.

OLYMPUS LAMINATE LOCKERS

Built to endure in the most demanding wet environments, Olympus Laminate Lockers are designed with hardwearing Compact Grade Laminate and bolt through heavy-duty sprung aluminium hinges with stainless steel pins.

The lockers are available in a virtually unlimited range of made to order colours, patterns and woodgrains, helping designers achieve the perfect aesthetic for changing areas.

SPECIFICATION

- 10mm Compact grade laminate (CGL) Doors
- Doors are bullnosed and have radiused corners for additional safety
- Aluminium carcass with durable aluminium shelves
- Bolt through heavy duty sprung aluminium hinges with stainless steel pins
- Choice of 1 tier, 2 tier, 2 tier unequal, 3 tier or 4 tier

STANDARD DIMENSIONS

- 1800mm high x 300mm wide x 450mm deep
- 1800mm high x 400mm wide x 450mm deep

CASE STUDIES

VIBRANT AND HARDWEARING INSTALL AT WORLD OF BOOKS

THE PROJECT

World of Books wanted to refresh their washroom areas with a vibrant and hardwearing cubicle system. They also wanted to include their corporate lime green as a feature colour.

THE SOLUTION

We supplied and installed our Force range of cubicles with full height duct panels and vanity units. We were able to match their corporate colours with our large range of colour options.

COLOURS USED

POLYREY P092

POLYREY 6003

POLYREY C011

"QUALITY INSTALLATION FROM THE TEAM AT CCS AT OUR CLIENT'S LOCATION ON THE SOUTH COAST OF ENGLAND. CCS HELPING US NATIONWIDE PROVIDING QUALITY WC CUBICLES FOR OUR WIDE RANGE OF CLIENTS ACROSS ALL SECTORS."

MARTYN PILCHER, COMMERCIAL DIRECTOR, RAP INTERIORS

AN ACE INSTALLATION AT WIMBLEDON

THE PROJECT

Wimbledon AELTCC needed a robust product with outstanding aesthetics for their busy washrooms at the entrance to centre court. This was a prestigious job for us and we worked tirelessly to exceed the client's expectations.

THE SOLUTION

We supplied our Curve range and upgraded the ironmongery to satin stainless steel. The client loved this combination of finishes and the laminate duct panels and solid surface vanity units with undermounted basins complimented the cubicles well.

COLOURS USED

POLYREY 6003

STRIKING COLOUR SCHEME AT WALTHAMSTOW ACADEMY

THE PROJECT

Walthamstow Academy wanted to update some of their washroom areas, they required a durable solution that would last in demanding areas, but they also wanted their new washrooms to be aesthetically pleasing.

THE SOLUTION

We were able to work with RAP Interiors to provide a striking colour scheme using woods and flat colour. We provided our Force range of cubicles with full height duct panels and vanity units. We particularly liked RAP's diagonal tile feature wall and port hole style mirrors.

COLOURS USED

POLYREY G003

POLYREY B101

"GREAT SERVICE AGAIN FROM CCS, THEIR KNOWLEDGE OF PRODUCTS HELPED TO PROVIDE THIS ACADEMY WITH A PRODUCT THAT WAS DURABLE BUT AESTHETICALLY VERY ATTRACTIVE, THE SERVICE PROVIDED IS EXCELLENT AND WE WILL DEFINITELY USE JOHN AND THE TEAM AGAIN."

MARTYN PILCHER, COMMERCIAL DIRECTOR, RAP INTERIORS

VIBRANT AND PLAYFUL INSTALLATION AT SANDCASTLE WATERPARK

THE PROJECT

Sandcastle Waterpark contacted us to provide proposals for two busy washroom areas within the waterpark. They required a durable and robust cubicle system but also wanted a vibrant colour scheme suitable for all ages.

THE SOLUTION

Utilising the many colour choices from Polyrey washroom we were able to offer the client a vibrant and playful washroom system without compromising the durability requirements for such high foot fall washrooms.

COLOURS USED

POLYREY B100

POLYREY B048

POLYREY B194

POLYREY G031

A FLEXIBLE SOLUTION FOR CROWN AGENTS BANK

THE PROJECT

We were asked by the contractor to provide a floor to ceiling cubicle system that offered flexibility and a myriad of colour choices. The project was across the 17th and 18th floors so we also had to carefully plan delivery and access to get materials to the working areas.

THE SOLUTION

We supplied and fitted a variation to our Force Privacy cubicles in HPL to give the flexibility of surface textures and colour choice the client was looking for. Alongside the cubicles we also provided laminate vanity units, HPL goalpost surrounds and laminate duct panel sets.

COLOURS USED

POLYREY B015

POLYREY G003

POLYREY G059

“OUR CLIENT WAS VERY PLEASED WITH THE QUALITY OF THE INSTALLATION AND ONE YEAR ON THERE HAVE BEEN NO REQUESTS TO RETURN TO ATTEND TO ANYTHING. I REGARD CCS AS MY GO TO COMPANY FOR WASHROOMS AND WOULD RECOMMEND OTHERS GIVE THEM THE OPPORTUNITY TO IMPRESS.”

MATTHEW PRESCOTT, COMMERCIAL DIRECTOR, OKTRA

FORCE RANGE ADAPTED FOR LATYMER UPPER SCHOOL

THE PROJECT

Latymer Upper School wanted to update some of their washroom areas that were now dated and in need of refurbishment.

THE SOLUTION

Working with RAP Interiors we were able to offer a durable yet flexible solution. We adapted our Force range to go to the floor as privacy was a concern. As we offer a large selection of colours the school were able to specify a royal blue and grey combination for the boys and a woodgrain and dark grey for the girls.

COLOURS USED

POLYREY B086
